

Questions to answer throughout the day:

- What is the market doing?
- What is the market trying to do?
- How well is it getting it done?

Had I fully traded the UniRenko from open would have absorbed loss, here stopped out for day.

What I did well today: - Stopped trading after two in a row at Loss Limit.  
- Set Stop Loss on entry.

What could I have done better: - Trust – Follow – Listen – Stop my worry about this crazy government we have in the US.

What will I do tomorrow to make things better: - Just may continue with SIM. Not sure.

- Full nights sleep and research.
- RRRRRRRRRR

Today I was 100% off long enough that I would have lost. Well I'll live with that and start over tomorrow.
