As you can see the price never reached the price where the Stop was, in 1,3123

But the trade was closed, why?

And if, maybe, you can say that the stop was in 1,3124, why this operation cost me more?

6E 06-12	Buy	1	1,3195	20/04/2012 13:28:48	7cf45bdf6	Exit	-	b22c99c4	Stop2	$2,50	1

Same situation, but worse consequences for me in this trade.

Nothing more to say.
